

Portfolio 2022

Hello,

My name is Clément Coletto.

I'm a 38 years old french Industrial & Product Designer, Creative Consultant.

I have more than 12 years of experience, working on various types of projects, for clients all around the world. I've been Design Manager in China for more than 6 years and I'm now fully working as independent.

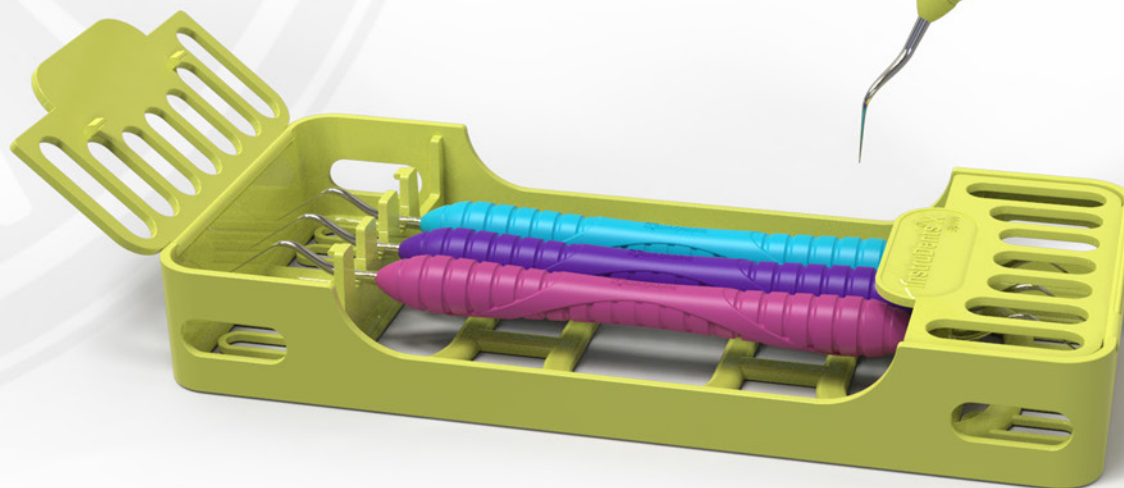

I always consider projects in their globality, also paying attention to dimensions beyond strict design perspectives (technic, production, economy, marketing, branding, business model, evolution, etc.)

I will be able to create with you, original and relevant products that can pop up in the existing market, giving them the best chances to be successful.

Here is a small selection of my works.

Enjoy!

Dental Tools and Sterilization Tray, made for Instrudent's X / MA DENTAL. (2020)

Compact Wallet, made for Statera. (2019)

**Black
Coconut**

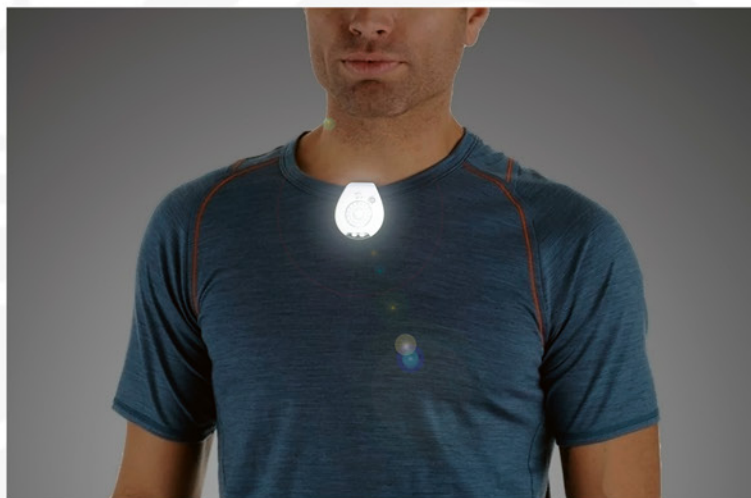

Displays, made for Orchestra. (2011)

«Party Leader Detonator», Bluetooth Microphone, designed for Ultimate Ears speakers. (2018)

**ULTIMATE
EARS™**

Loop
Light

Versatile Torch Loop Light, designed for the DongguanCup. (2014)

Versatile MakeUp Cases (2020)

A renting mutualised system installed inside a rooming house. In the common areas, an automatised metallic cupboard offers various useful self-service instruments.

The Utilibox permits to borrow tools that one does not own (because too expensive, too bulky, with occasionnal use...).

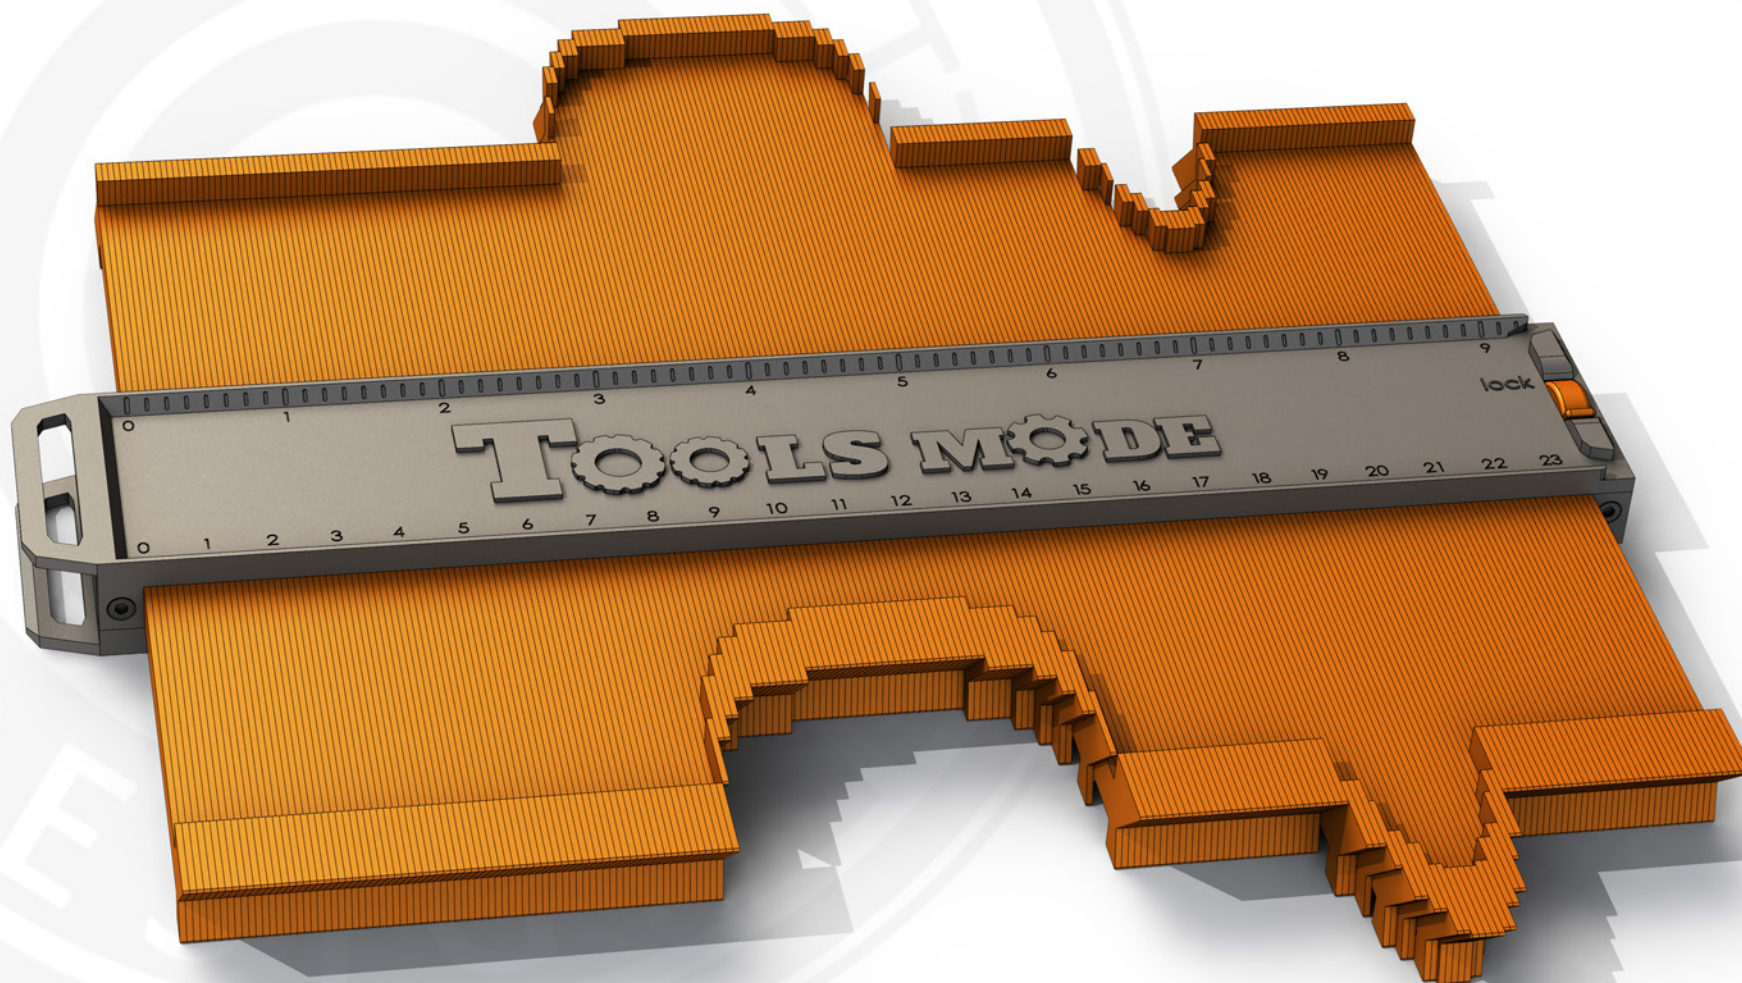

For example, it concerns do-it-yourself tools, kitchen tools or supplies.

The system enables the **economic, responsible and practical act of sharing** instead of buying systematic act. It favors use on possession and makes up an innovative design service.

It is my project for DNSEP defense for which I received with jury honours on June 2010.

Measuring Tool with lock system and that can be assembled, made for Tools Mode. (2020)

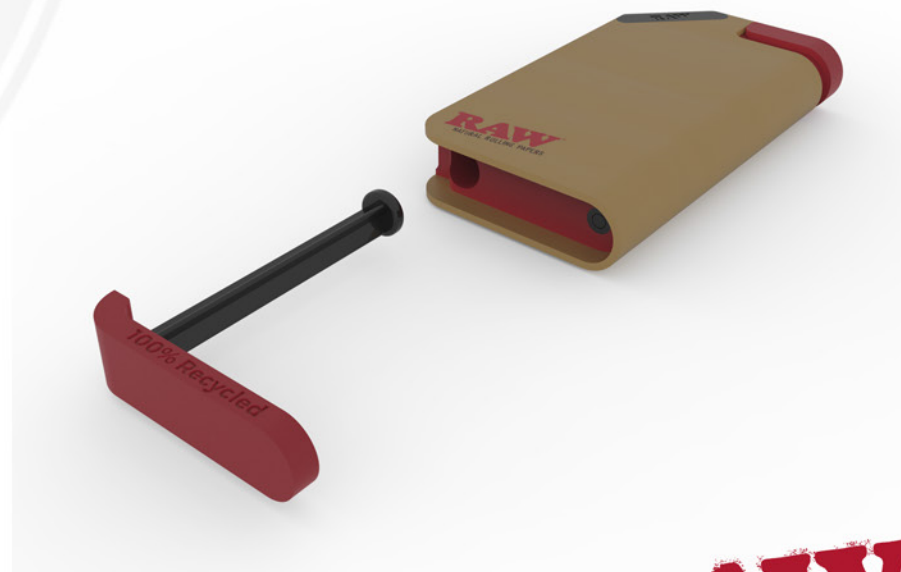

Concepts of Displays, made for Blédina & Milupa with Agence Fantastic (2015)

Motocross Sport Bottle, with telescopic straw to drink with an helmet, made for Jaxson company. (2020)

Refillable Lighter with hidden tamping tool, made for RAW paper company. (2020)

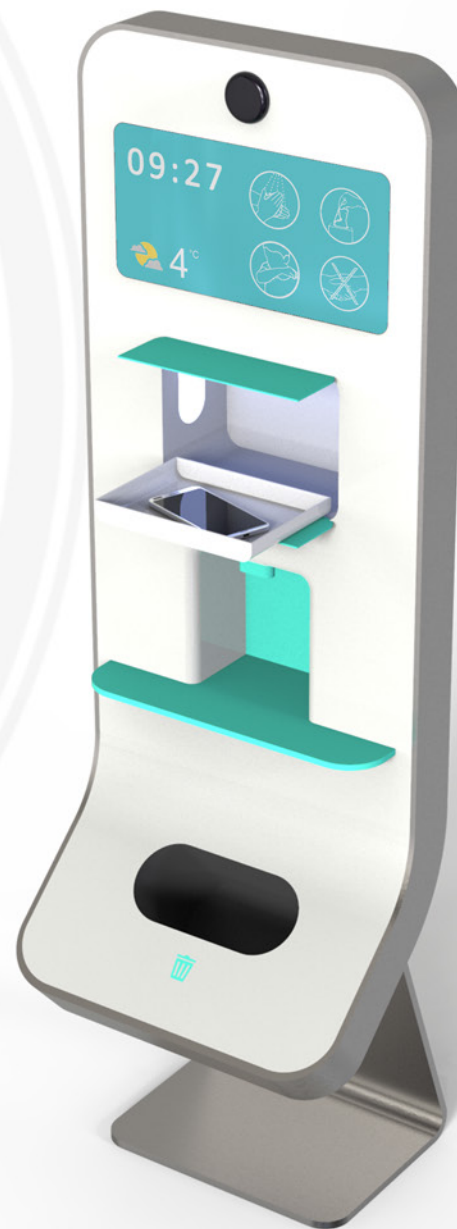

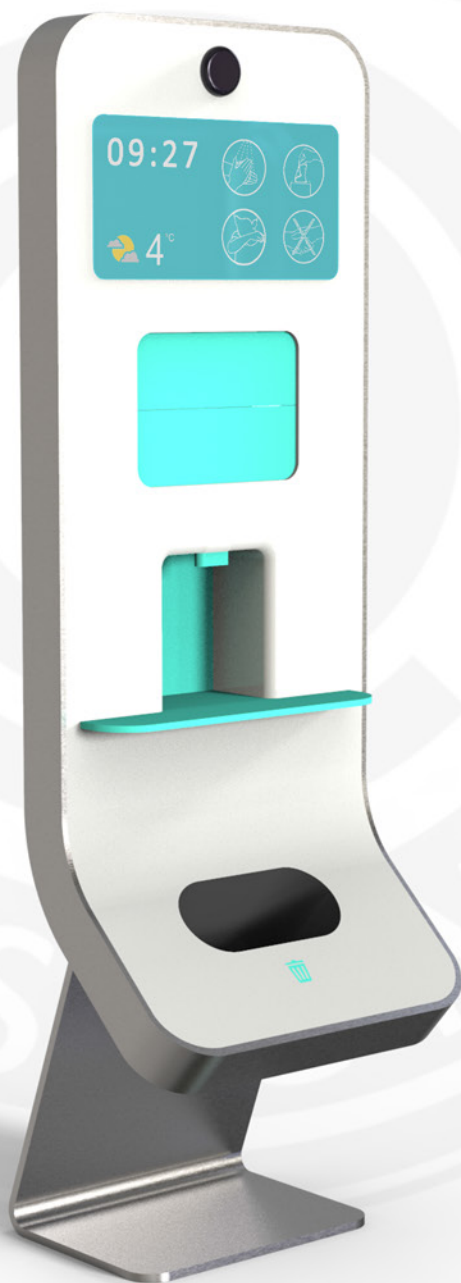

Manual Razor for Women with removable Cartridges, made out of Bamboo and BioPlastic. (2020)

Thermos & Sport Bottles, made for RoadCamp. (2011)

Office Sanitizing Station, with IR thermometer, sanitizer dispenser & UVC drawer
made for Pivot Interiors company. (2020)

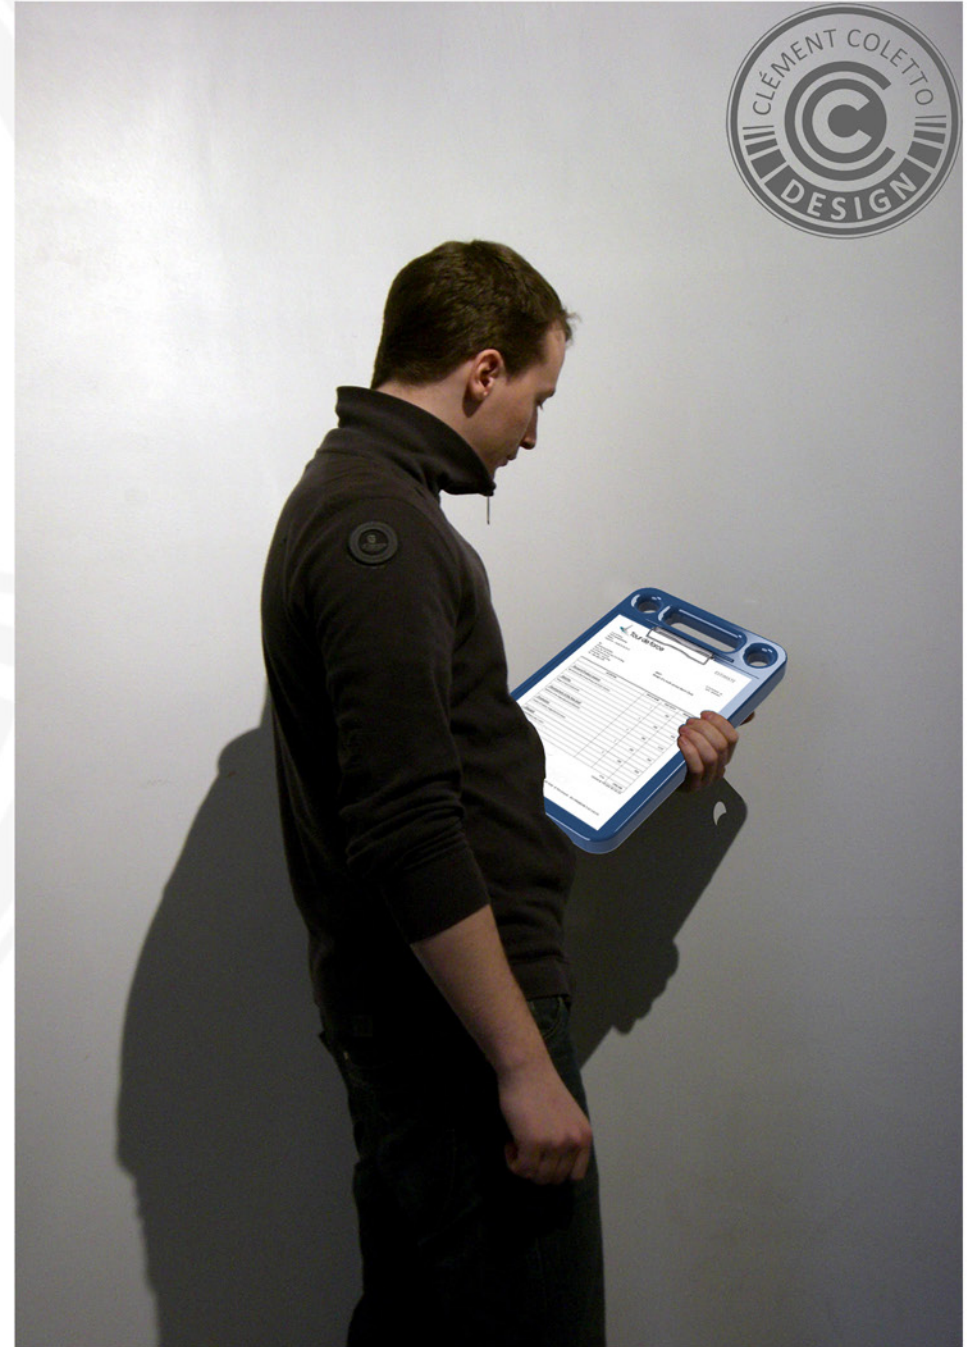

Electronic Cigarette, designed for DongguanCup. (2014)

Travel Soap Box with suction pad & magnetic holder, made for SAVONT. (2020)
